DETAILED ACTION

Claims 17 and 20-30 are pending as amended 4/17/08.

Claim Rejections - 35 USC § 103

Claims 17 and 20-30 are rejected under 35 U.S.C. 103(a) as being unpatentable over US 4,801,382 to Kemmelmeyer in view of Fleck (US 5,015,375) or Solomon (US 4,552,656)

Kemmelmeyer teaches the claimed filter device as claimed as shown in the first office action of 10/23/07.

The newly added amendment to claim 17 recites the inner ring sealing surface and outer ring sealing surface as roughened, which is not taught by Kemmelmeyer. However, having the sealing surfaces roughened to improve the seal quality is well known in the art, and would be obvious to one of ordinary skill in the art. References Fleck and Solomon are provided as evidences of such teaching. Fleck teaches roughening the seal surfaces for improving the seal – see column 6, lines 20-31. Solomon teaches roughening or serrating the seal surface to prevent slip – column 4, lines 19-35.

Information Disclosure Statement

A foreign reference, GB 926600, was cited in the PCT 371 documents applicant submitted on 10/14/04. The Examiner was unable to obtain a copy of this reference. Therefore, it is requested that applicant submit this reference in an IDS.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
